

August 10, 2016

1516 Ninth Street
Art Rosenfeld Hearing Room – First Floor
Sacramento, California 95814

10 a.m.

(Wheelchair Accessible)

THE COMMISSION WILL CONSIDER AND MAY TAKE ACTION ON THE FOLLOWING ITEMS:

1. CONSENT CALENDAR. (Items on the Consent Calendar will be taken up and voted on as a group. A commissioner may request that an item be moved and discussed later in the meeting.)
 - a. BLYTHE SOLAR POWER PROJECT (09-AFC-06C). Possible approval of an order granting the petition to transfer ownership for the Blythe Solar Power Project (BSPP) (Photovoltaic), Unit 1, from NextEra Blythe Solar Energy Center, LLC to Blythe Solar 110, LLC and Unit 2 from NextEra Blythe Solar Energy Center, LLC to Blythe Solar II, LLC. NextEra Blythe Solar Energy Center, LLC will continue to own the shared facilities that are common to all four units of the BSPP and Units 3 and 4. Contact: Mary Dyas.
 - b. COUNTY OF MODOC. Proposed resolution approving Amendment 2 to grant Agreement GEO-14-003 with the County of Modoc for a budget reallocation due to a change in the distributed energy resource unit. (GRDA funding) Contact: Cheryl Closson.
 - c. GEYSERS POWER COMPANY, LLC. Proposed resolution approving Amendment 1 to grant Agreement EPC-14-002 with Geysers Power Company, LLC to reallocate \$928,050 to address administrative changes to equipment, material and miscellaneous costs, and extend the agreement by 12 months due to the September 2015 Valley Fire. The total Energy Commission funding amount remains unchanged; however, match funding will increase by \$1.36 million. (EPIC funding) Contact: Hassan Mohammed.
2. ENERGY COMMISSION COMMITTEE APPOINTMENTS. Possible approval of appointments to the Energy Commission's Standing Committees and Siting Case Committees. Contact: Kevin Barker. (5 minutes)
3. RUSSELL CITY ENERGY CENTER (01-AFC-07C). Possible approval of an order granting the petition to amend to allow for the installation of a Recycled Water Demineralization System at the Russell City Energy Center. Contact: Eric Veerkamp. (Staff presentation: 5 minutes)

4. THE CSU, CHICO RESEARCH FOUNDATION. Proposed resolution approving Agreement 700-16-002 with The CSU, Chico Research Foundation for a \$75,000 contract to produce a 26-minute documentary highlighting the rich prehistory of the Ford Dry Lake area. The work authorized by this contract ensues from the Genesis Discovery Mitigation Plan and, upon completion, will fulfill a part of the required mitigations agreed to in consultation with project-affiliated tribes. (Special Deposit Fund GSEP Mitigation funding) Contact: Thomas Gates. (Staff presentation: 5 minutes)
5. 2016 SUMMER INSTITUTE FOR ENERGY LAW AND POLICY PRESENTATION (Information Item). Student presentation on the Summer Institute for Energy Law and Policy highlighting what they learned during this two-week program. They will also highlight a few findings and recommendations from their final project presentation. Contact: Alana Mathews. (Student Presentation: 10 minutes)
6. CALIFORNIA SUSTAINABLE FREIGHT ACTION PLAN (Information Item). Staff presentation on the California Sustainable Freight Action Plan highlighting the interagency effort to establish clear strategies to meet State sustainability targets and move California's freight system toward a more efficient and competitive future. Contact: Andre Freeman. (Staff presentation: 10 minutes)
7. DOE-NATIONAL RENEWABLE ENERGY LABORATORY. Proposed resolution approving Amendment 1 to contract Agreement 600-15-001 with the Department of Energy's National Renewable Energy Laboratory to add Task 8, Real-Time Data Collection for Alternative Fueling Stations and augment the budget by \$299,752 for the added task. (ARFVTP funding) Contact: Adeel Ahmad. (Staff presentation: 5 minutes)
8. CITY OF SANTA MONICA. Proposed resolution approving Agreement EPC-16-008 with the City of Santa Monica for a \$1,487,609 grant to plan and design a microgrid in Santa Monica that will incorporate renewable energy, energy storage, and electric vehicle charging. This project will develop an Advanced Energy Community based around a multiuser microgrid through partnerships with private developers and city owned properties and create a model that will lay a foundation for policy and financial frameworks to enable public and private investment in future district scale systems. (EPIC funding) Contact: Rachel Salazar. (Staff presentation: 5 minutes)

9. ADVANCING WATER AND ENERGY EFFICIENT STRATEGIES AND TECHNOLOGIES IN CALIFORNIA, GFO-15-317. This solicitation sought proposals to: (1) conduct research to identify, test, evaluate and demonstrate innovative technologies and strategies that will result in both water and energy savings and will overcome barriers to large scale deployment; (2) develop innovative and replicable approaches for accelerating the deployment of drought resilience strategies that minimize need for new water related energy infrastructure. (EPIC funding) Contact: Kevin Mori. (Staff presentation: 10 minutes)
- a. UNIVERSITY OF CALIFORNIA, DAVIS. Proposed resolution approving Agreement EPC-16-010 with the Regents of the University of California, on behalf of the Davis campus for a \$1,000,000 grant to research the viability of two dairy cattle cooling technologies to reduce heat exposure and cool cattle while reducing overall water and energy consumption. Research will compare two methods, conduction cooling and targeted convection cooling, at the UC Davis Dairy. The cooling approach that shows the most promise from the preliminary testing will be pilot tested at a dairy in Tulare, California.
 - b. PORIFERA, INC. Proposed resolution approving Agreement EPC-16-009 with Porifera, Inc. for a \$999,795 grant to fund the applied research and testing of a low-energy, dual barrier system to treat water to potable water standards for reuse. The test site is the Hayward Water Pollution Control Facility.
 - c. ALTEX TECHNOLOGIES CORPORATION. Proposed resolution approving Agreement EPC-16-012 with Altex Technologies Corporation for a \$999,994 grant to develop, test at pilot scale, and evaluate performance of a hybrid wet/dry heat exchanger. The hybrid heat exchanger will be retrofitted and tested in an existing chiller system and data will be collected on water and energy savings over standard chiller system operation.
 - d. LAWRENCE LIVERMORE NATIONAL SECURITY, LLC. Proposed resolution approving Agreement EPC-16-014 with Lawrence Livermore National Security, LLC for a \$999,040 grant to develop, test, and demonstrate a novel technology that can significantly reduce desalination costs and energy used to treat wastewater.
 - e. KENNEDY/JENKS CONSULTANTS, INC. Proposed resolution approving Agreement EPC-16-011 with Kennedy/Jenks Consultants, Inc. for a \$882,430 grant to pilot test the efficiency of a novel membrane technology that can minimize fouling of membrane surfaces in wastewater treatment operations, thus increasing water recovery and lowering energy demand. The proposed project will test the membrane technology at a regional water treatment facility in the Central Valley and will collect comprehensive data to demonstrate the economic viability and effectiveness of implementing this energy-saving technology.
10. UNIVERSITY OF CALIFORNIA, BERKELEY. Proposed resolution approving Agreement EPC-16-013 with the Regents of the University of California, on behalf of the Berkeley campus for a \$1,888,683 grant to develop optimal system configuration for smart comfort controlled ceiling fans integrated with learning thermostats, and evaluate their energy performance and occupant acceptance in low income multi-family residential and small commercial buildings located in disadvantaged communities in California. This research and development will advance the solution's technology readiness level and support market adoption acceleration. (EPIC funding) Contact: Adel Suleiman. (Staff presentation: 5 minutes)

11. LOS ANGELES CLEANTECH INCUBATOR. Proposed resolution approving Agreement EPC-16-015 with Los Angeles Cleantech Incubator for a \$4,999,247 grant to establish a Los Angeles Regional Energy Innovation Cluster to act as a local hub of clean energy entrepreneurship, and give promising clean energy entrepreneurs direct access to the region's top technical, business, and commercialization clean energy support services. This project will assess and address the region's energy needs, target the most impactful clean energy technologies and facilitate the downstream market adoption of new clean energy technologies. (EPIC funding) Contact: Diana Gonzalez. (Staff presentation: 5 minutes)
12. DISCUSSION OF ENERGY COMMISSION PROGRESS RE IMPLEMENTATION OF THE CLEAN ENERGY AND POLLUTION REDUCTION ACT OF 2015 (SENATE BILL 350) (Information Item). Staff presentation and Commissioner discussion regarding Energy Commission progress on and planned actions for implementation of Senate Bill 350 requirements, including but not limited to administration of the California Renewables Portfolio program, development of local publicly owned electric utility integrated resource plans, revision of Commission data collection regulations to improve demand forecasting, identification of progress in meeting the goals of 50% renewables procurement and doubling of energy efficiency, implementation of widespread transportation electrification, and preparation and publication of the study required by Public Resources Code section 25327 regarding barriers faced by low-income and disadvantaged communities to investing in energy efficiency and weatherization, installing solar photovoltaic and other renewable generating resources, and contracting opportunities for small businesses. Contact: Rob Oglesby. (Staff presentation: 10 minutes)
 - a. BARRIERS STUDY UPDATE. Senate Bill 350 identifies that there is an insufficient understanding of the barriers for low-income and disadvantaged communities to access energy efficiency investments, solar photovoltaic energy generation, weatherization, other forms of renewable generation, and contracting opportunities. For this reason, Energy Commission staff are engaged in efforts to identify barriers and complete a study to be published by January 1, 2017. Contact: Rob Oglesby. (Staff Presentation: 10 minutes)
 - b. INTEGRATED RESOURCE PLAN UPDATE. Staff presentation on the integrated resource plans that will describe how public utilities propose to align their demand and supply resource choices with the energy and policy goals outlined in Senate Bill 350. Staff will summarize the plan requirements, comments from the April 18, 2016 workshop, and current activities. Contact: Sylvia Bender. (Staff presentation: 10 minutes)
13. **Minutes:** Possible approval of the July 13, 2016 Business Meeting minutes.
14. **Lead Commissioner or Presiding Member Reports.** A Lead Commissioner on a policy matter may report to the Commission on the matter and discussion may follow. A Presiding Member on a delegated committee may report to the Commission on the matter and discussion may follow.
15. **Chief Counsel's Report:** Pursuant to Government Code section 11126(e), the Energy Commission may adjourn to closed session with its legal counsel to discuss any of the following matters to which the Energy Commission is a party:
 - a. *In the Matter of U.S. Department of Energy (High Level Waste Repository)*, (Atomic Safety Licensing Board, CAB-04, 63-001-HLW).

- b. *Communities for a Better Environment and Center for Biological Diversity v. Energy Commission* (Court of Appeal, First Appellate District, # A141299).
- c. *Energy Commission v. SoloPower, Inc. and SPower, LLC.* (Sacramento County Superior Court # 34-2013-00154569)
- d. *Energy Commission v. Mendota Bioenergy, LLC.* (Sacramento County Superior Court #34-2016-00192835)

Pursuant to Government Code section 11126(e), the Energy Commission may also discuss any judicial or administrative proceeding that was formally initiated after this agenda was published; or determine whether facts and circumstances exist that warrant the initiation of litigation, or that constitute a significant exposure to litigation against the Commission, which might include:

- a. Claims filed at, and rejected by, the Victim Compensation and Government Claims Board against a number of defendants including the Energy Commission relating to the gas leak at Aliso Canyon.

16. **Executive Director's Report.**

17. **Public Adviser's Report.**

18. **Public Comment:** People may speak up to three minutes on any matter concerning the Energy Commission, with the exception of items appearing elsewhere on this agenda or items related to pending adjudicative (certification or enforcement) proceedings.

If you require special accommodations, contact Ponch Jones at 916-654-4425, five days before the meeting.

News media inquiries should be directed to:

Media and Public Communications - 916-654-4989

Questions about participation in the Business Meeting should be directed to:

Public Adviser's Office - 916-654-4489 or 800-822-6228

Participating by Telephone at a Business Meeting

To participate by telephone, please call toll free 1-888-823-5065 on Business Meeting days after 10:01 a.m. (PDT). The pass code for the meeting is "Business Meeting" and the call leader is Jerome Lee. If you plan to speak about a specific item, please give the operator the item number.

To avoid occasional technical problems with the Commission's telephone link, the Commission recommends that a written comment also be submitted either by facsimile or e-mail to the Public Adviser by 5 p.m. two days before the scheduled business meeting. Fax (916) 654-4493 or e-mail publicadviser@energy.ca.gov.

The Business Meeting is broadcast via WebEx, the Energy Commission's on-line meeting service. To listen to the meeting and view any presentations, please click the following link or paste it into your browser:

<https://energy.webex.com/energy/onstage/g.php?d=926926319>

You may also go to <https://energy.webex.com/ec> and enter Meeting Number **926 926 319**. The meeting password is **mtg@10am**. If you listen to the WebEx using computer speakers, then you are in listen-only mode. To make a comment or ask a question, please dial into the meeting at 1-

888-823-5065. You will be greeted by an operator who will give you further instructions on how to participate by telephone.

The Energy Commission building has wireless Internet access available in the atrium, coffee shop, and library.

Subscribe to Electronic Mail Lists

To reduce paper and mailing costs, the Energy Commission offers an automated e-mail system for the business meeting agendas. To subscribe, please go to our Business Meetings page www.energy.ca.gov/business_meetings/ and use the form on the right side under 'Subscribe'.

Adjournment of Hearings and Meetings: Depending upon time available and the orderly management of proceedings, the Commission may order adjournment (recess or postponement) of any noticed hearing or meeting, to be continued to the next day, another specific date or time, or to the next business meeting, as appropriate. Any such adjournment will be noticed at the time the order of adjournment is made (Government Code §§11128.5, 11129).
